The temperature has dropped, the BBQ has been cleaned and packed away for another year, the garden is covered in golden leaves, and socks and jumpers are once again the order of the day.

The contrast in the weather gives us an opportunity to reflect on the glorious summer we've enjoyed this year. As we have collated the details each month of the many events that have taken place in the village since we became editors, the majority have reported fine weather.

The sheer quantity of activities and organisations is astonishing. For a relatively small community we sure pack a lot of stuff in! So, as the evenings draw in, take five minutes to read about the numerous winter activities available on our doorstep, and get some dates in your diary to look forward to,

## KINGSCLERE NEIGHBOURHOOD PLAN

A room has been made available to us at the Village Club to showcase the work we are doing on the development of our Neighbourhood Plan. There is a limited amount of literature and posters for you to see at the moment but this will be added to over the coming months to build a comprehensive exhibition of this valuable project. Drop in to the meeting room next to the Parish Office any Monday or Wednesday morning to review the work and leave your comments or questions in the box provided.

By the time you read this, every household within the parish boundary should have received a questionnaire on the **Neighbourhood Plan**. Our Neighbourhood Planning Group need to know your views so that our Plan accurately reflects the wishes of the community on the future development of the village. Additional copies can be downloaded from the Parish Council web site where you will also find more information on the Plan.

Completed questionnaires should be returned to the Parish Council office by **30th November**. Please take time to complete and return this important document.

Our **Annual General Meeting** will be held on **Monday 18th November**, in the Kingsmill Room, starting at 7.30 p.m. After the formal business of the evening, **Dickie Davies**, the distinguished former Sports Commentator, will give a brief talk about his experiences.

The FOSM Board recently had the opportunity of being taken round the Church by the Chair and several other members of the Fabric Sub-Committee, to see in detail what essential fabric repairs and remedial work need urgently to be addressed to make the building safe and weatherproof. This was a most useful and interesting exercise, and a dialogue now continues with those responsible for determining the sequencing of the works programme. As the relevant phases of work are set in hand, we look forward to contributing towards the costs.

## ST. MARY'S GUILD

Our September meeting proved to be great fun and our take on Room 101 threw up some very interesting 'gripes' which our members would like to lock away. The biggest annoyance by far was telephone cold calling, closely followed by 'rubbish' post. We also had comments on irritating habits by television presenters, especially women flicking their hair! Dogs and cats mess featured quite prominently, as did the amount of paper wasted at supermarket checkouts. Comments were made about signs and notices not being removed after events had taken place. However, after much discussion and hilarity, we finally decided to put illegal parking in Swan Street into Room 101. Wish it was that simple. As you can imagine, great fun was had on the day.

Our next meeting takes place on **Wednesday 27th November**, when we will be treated to a presentation from **Andrew Kitch on his Adventures in Australia**, should be a warm welcome on a November afternoon. Please come along and join in the fun (and enjoy a slice of Pavlova with us).

We meet in the Kingsmill Room of St. Mary's Church at 2.15 pm. Look forward to seeing you.

**Pam Kitch (Chairman) - 299743**

*Dear Editor,*

To whomever knocked down a cat in Kingsclere on the evening of 22nd Sept, on Ashford Hill Rd just before the Bowls club - then drove off - shame on you! The cat was still alive yet mortally wounded. Many thanks to the chaps who stopped and the quick response of the local GKG on call vet.

The Haymarket, Basingstoke

With songs like *My Favourite Things*, *Do-Re-Mi*, *The Lonely Goatherd*, *Sixteen Going On Seventeen* and the title song, *The Sound of Music* has to be the best-loved musical of all time. The film starring Julie Andrews was a phenomenon, with the sing-a-long version still packing in audiences, encouraged to dress up as their favourite characters and join in with the action on screen.

Now you can enjoy *The Sound of Music* performed live on stage at **The Haymarket** by **BATS - Basingstoke Amateur Theatrical Society**, who last staged the show in 2001.

### **Discounted family ticket. Choose from Saturday and Sunday matinées**

A family ticket offers savings of up to £8 per family group (x4 tickets. At least two must be children - book by phone or in person). The usual range of other discounts for seniors, students and groups are also available. Full price tickets: £15, £17 or £19 (£12 or £14 for 16 and under).

12 performances of *The Sound of Music* run from Wed 13th – Sat 23rd November at The Haymarket, including two Saturday matinées and two Sunday matinées on 17 November.

More information at [www.bats.net](http://www.bats.net) or call The Haymarket or Anvil box office on 01256 844244.

## Kingsclere Rugby Club

On Saturday 5<sup>th</sup> Oct, Kingsclere Rugby Club held their annual Chris Smith Memorial Match of Kingsclere Old Boys v Kingsclere Youngsters.

Forty players turned out to raise money for this year's nominated charity, Sudden Unexplained Death in Childhood (SUDC), a charity very close to their hearts.

A really enjoyable game was watched by lots of supporters, ending with the Youngsters winning 38 – 17. The charity funds were raised through players match fees, supporter donations, food sales & the majority from a fantastic prize auction after the match. Huge thanks to Lucie Hobbs from Special Auction Services for organising the auction & to the donators of the prizes & the bidders who dug so deep, in total over £1,500 was raised.

The party carried on into the night with a Karaoke and the odd lemonade or two consumed !

## The Children's Society

This year seems to have flown by and many of you are already planning diary events and buying gifts in preparation for Christmas. With this in mind, I would like to invite you, your family and friends, to come to the Christingle service at St. Mary's Church. The service is a great way for everyone to get together, make their own Christingle oranges and to raise funds which enable The Children's Society to help children of all faiths and none, including children at risk on the streets, disabled children, young refugees, young carers or those within the youth justice system.

The service will be held on Sunday 8th December at a time to be confirmed, so please check the Church pages in December's issue.

Candle shaped collecting tubes will be available soon from Kingsclere Primary School and from the Kingsmill Room, so please take one home, fill it with any spare coins and bring it with you to the service.

Thank you.

# Reflection

## On the Frontline

The Church has always run courses at different times of the year to inform, educate and importantly to get together for fellowship. It is good to discuss our faith and learn from each other more about God. We are all very different and together we can open each other's eyes to different things. It has been said that faith can be like a washing line, we worship on a Sunday and feel lifted up and then as the week goes on we start to sag until next Sunday when we are lifted up in our faith again. Getting together in the week acts like a prop and lifts our saggy middle, so to speak.

Some churches have house groups that meet in the week to serve this purpose. However, that can be difficult with our busy lives and our differing working patterns. Yet, now and again, it is good to book out time in the diary to embark on joining others one evening a week to learn and talk about the Christian faith.

The course starting on the 4<sup>th</sup> Nov is called "frontline" and it is a 6 week course for those who wish to find the confidence to be Christians in their places of work or places of leisure. I hope it will encourage us to share with others the God we worship on a Sunday with those we meet in our everyday lives.

It can be a scary thing talking about our faith if we are the only Christian in our work place etc, but in my experience, people are often intrigued and want to talk, even if it is to say they do not believe in God... Does that mean there must be a God for them not to believe in...?

You know my answer to that as I'm out there as a blatant Christian with a bit of white plastic around my neck.

If anyone would like to join us on our course please get in touch with me on 01635 269180.

**Rev Trish**

## Basingstoke Choral Society

To launch our 2013/14 season we head for the forests and fjords of Norway with a concert of music by **Edvard Grieg**.

A veritable 'smorgasbord' of Scandinavian delights, on **Sunday 24<sup>th</sup> November at 7.00pm** in the **Anvil**, starts with the **Piano Concerto in A minor**. Our soloist **Aleksandra Myslek** is a rising star and winner of the International Chopin Piano competition.

Grieg's **Peer Gynt** is based on a play by Henrik Ibsen. The choir will perform this engaging work with **John Lofthouse** as the narrator. '*In the Hall of the Mountain King*', famously used in Disney's *Fantasia* and Classic FM's '*Morning Mood*' are but two you will undoubtedly recognise.

Staying with our Scandinavian theme, we will also perform a piece by **Sibelius**. **Maan Virsi** or '**Hymn of the Earth**', from a period of patriotic choral singing in Finland, was a gift from the grateful composer to a hard-working choir.

**The New London Sinfonia** will also be joining us, conducted by David Gibson, for what will be a highly entertaining evening.

*Dear Editor,*

Re: Red Kites - We would like to pose a question to Diana and Rod (Nature Note) or our general Kingsclere community. Is anyone aware of any possible reasons for the almost 'overnight' demise of the red kites that many have enjoyed the company of over the last few years? We wonder why they might have disappeared so quickly?

## Nature Notes

On a recent trip to Sicily we were on the upper slopes of Mt. Etna seeing little due to heavy drizzle. However, in the gloom, we spotted plants familiar to us growing out of the volcanic grit; dock, verbascum, senecio, valerian and achillea some in bloom and some carrying ladybirds. These were too small to be the invasive harlequin type and were much more like our seven-spot. We failed to find out what they were feeding on but presumably aphids.

What a bumper crop of wild fruit and nuts the year has provided, acorns especially and jays will not go hungry this Winter. Sloes, hips, haws, hazel nuts and beechmast are also abundant.

On a circular walk with Douai Abbey at its centre, we came across a shooting party with a difference. Three ladies were out with their dogs strung in-line across a field with one safety man near the footpath and another man, the instructor, at the other end of the line. The dogs were to heel and the instructor hurled a lure forward into the long grass sometimes making a whirring sound with his tongue (mimicking a partridge's flight?) One dog would be despatched to find the lure and to return it. The line advanced a few paces and the procedure repeated with a different dog-not always successfully.

Where the school playing fields had been there was as superb stand of sunflowers and bright yellow corn marigolds looking wonderful in the early autumn sunshine.

# Kingsclere Library

**A Fresh New Look!** Kingsclere library has had a facelift. More floor space has been created to make the stock more accessible to all. The books selection has been freshened up by old and underused stock being removed and replaced with more collections and displays on different topics which will be changed monthly to give a more varied and changing selection of stock for everyone to enjoy.

Not yet visited the library or not been in for some time? Then do come in and see what is on offer. It is not just about books. There are audio books and various popular magazines that can be taken out. Local papers to browse and free access to the internet, as well as a photocopier that can be used for a small charge doing up to A3 and also in colour.

**Collections & Displays:** We hope you enjoyed last month's "Celebratory Chefs" and tried out the secret recipes you could choose. This month's selection will be:

**"Poetry"** to mark poetry month, a selection of poems for adults; perhaps you would like re-acquaint yourself with favourite poems learned at school, poems that mean a lot to you or stir an emotion. There is also a selection for children, do introduce your children to the rhythms, images and emotions that poetry can reveal, above all poetry can be fun and make you laugh!

**"India"** There is something for everyone here! High romance, wild adventure, exotic travel, colonial history and the fantastic tastes of Indian cuisine.

**Author of the Month:** This month is the turn of **Mary Higgins Clark**; her books are world-wide bestsellers. In the U.S. alone, her books have sold over 80 million copies. She is the author of twenty-four previous suspense novels. Two of her novels were made into feature films, *Where Are the Children?* and *A Stranger Is Watching*. Many of her other works, novels and short stories, were made into television films.

**Free Wi Fi:** Just a reminder that **free Wi Fi** is now available to all in the library, just ask at the counter.

**Free Internet Access for an hour:** A new operating system should be in place by this month and hopefully it will result in faster speeds and provide new facilities such as desktop publishing.

**The Library** is situated within the Village Club in George Street Kingsclere and is open:

<b>Tuesday</b>	<b>1 – 5.30pm</b>
<b>Thursday</b>	<b>1 – 5.30pm</b>
<b>Saturday</b>	<b>10.30 – 3pm</b>

## Christmas goods in aid of charity.

With Bonfire Night almost behind us, hopefully without incident, thoughts turn to the rapidly approaching festive season.

Too many times at this time of the year, people start planning what can be the worst of Christmas presents; a new cat or kitten. Unfortunately, come mid-January, we are quite often asked to take in cats who have been an ill-thought, though well-meaning present.

This puts a great strain on our already-stretched finances, as well as causing a waiting list as we simply run out of space to hold cats whilst trying to find them homes.

## Village Market

Here we are 25 days from Christmas day, thinking about our next market on Saturday 30th November. The market is open between 10am-12 noon and has many items with a Xmas theme, handmade cards, woollen items, present ideas, rolls of Xmas paper calendars, diaries and inexpensive gifts. Richard from Cottismore Garden Centre will have his usual plant stall which will include Christmas wreaths, these can be purchased on the day or ordered for later. He has a good knowledge of all types of plants shrubs etc, and will be pleased to answer your garden problems. Sue and Tony will be selling jams and pickles, so there will be a selection to top up for the big day. Homemade bread also on sale.

I would like to say a big thank you to all the stall holders for their continued support, and you the customers for making the market such a success. So I wish you all a merry Christmas and a happy new year.

**With kind regards Alan Gore 01635 299 118.**

*Dear Editor,*

Following our contribution in October's edition of The Tower after the death of our father, David Carter, we would like to let you all know that at his funeral a total of £1,125.53 was raised for Cancer Research UK. The family have all been overwhelmed by the generosity and know that David (Dad) would be very moved and delighted.

We again would like to thank everyone for the support they have given to mum and us as a family. It has been so heart-warming to know how much people care.

Thank you again - **Jo Davis on behalf of the Carter, Davis and Maberley families.**

## WHAT IS HAPPENING TO OUR GAILEY BROOK?

Recently, I watched a programme entitled "**Britain's Wildlife Revival**", which dealt specifically with riverside wildlife. The rivers and streams in the UK, and the wildlife that lives in or near these waterways, are the "lifeblood" of our country. According to the Environment Agency, waterways need to be respected, protected and improved for our benefit and for future generations. This agency also sets out some of the responsibilities of a riverside property owner. If you own a property alongside a water course, e.g. our Kingsclere stream, the Galley Brook, you are a "riparian owner".

Some of your responsibilities are:

- 1) maintaining river beds and banks.
- 2) allowing the flow of water to pass without obstruction
- and
- 3) controlling invasive and alien species, such as Japanese knotweed.

Also, you should not use riverbanks to dispose of garden or other waste, where it could fall into the stream.

### SO, WHAT IS HAPPENING TO OUR GAILEY BROOK?

From Gailey Mill, through Winchester Road, Bear Hill, Swan Street, Fox's Lane, Pope's Hill, Cedar Drive, North Street and Union Lane, through to Island Mill and on to Nutkins Farm and Alderbrook House, the stream has become choked and overgrown.

PLEASE, if YOU live in one of our riverside properties, will you honour your riparian duties and clean up the stream before it is too late?

## Kingsclere has a New Seat

On 19 October Evelyn Holloway unveiled a new seat in memory of Tony Florance who lived for many years at 20 Swan St, the listed building which has just been restored. When he died he bequeathed a sum of money to the Village Club which we felt would best be spent on a garden seat. We hope people will feel free to use it.

## Kingsclere Medical Practice

We said good-bye to Dr Philip White at the end of October; he is moving onto pastures new to explore other aspects of General Practice. We will be recruiting a new doctor to the team in the New Year. Dr Helen Wright and other locums will be working with us until then.

The new computer system is up and running and we are starting to get more used to it, thank you for your patience. It has been a massive challenge but overall it will help us develop in the future.

Flu Clinics are in place, if you are over 65yrs or under 65yrs with a long term medical condition please ask reception for a Flu Appointment.
