Clerk updated on numbers giving presentations as 8 so far plus our guest speaker. It was agreed to contact a few of the clubs who hadn't responded and who usually attend, cut off Friday 17<sup>th</sup> at midday for numbers and agenda inclusion. SA and DC will help clerk set up. Catering and associated requirements were finalised.

**02/23.4 - Website Improvements:**

DC feels there is much which can be done to improve our website rather than spending money creating new one. Our current provider has asked if KPC would like to work with them to help improve their service, this would entail putting forward views and ideas for trial and hopeful implementation. All present were in favour of DC and office staff working with supplier on this project. It was noted that some of our pictures and content was out of date on our site.

**Action:** DC Clerk RFO

**02/23.5 - Coronation:**

NP reported Community Group has been created and the next meeting is the 4<sup>th</sup> April at 7pm. IB requested to spend £18.90 plus delivery and VAT to source a CR 111 filter for the Church projector. This was approved by all present. There will be Conga processions from the Holding Field and the Orchard and NP asked if KPC were agreeable for them to commence on PC land – all in agreement. The Conga's would need marshalling though on the pavements, volunteers required. NP is doing a Risk Assessment.
