05/22.3 – Malthouse Open Space:

Councillors discussed and agreed to break down into 2 or 3 phases. Having been offered £3000 it would be a great benefit to any scheme if this sum could be match funded. All in agreement the project needed to be realistic to be potentially accepted by The Greenham Trust for match funding but also manageable by KPC. The next steps will be to look for contractors with the capabilities to carry out construction of a weir, devise a scheme with potentially three or four components, obtain a quote and then submit the proposal as a project on The Good Exchange. KPC needs to be registered on the Good Exchange to enable this. All present will look for contractors and the benefactor will be updated.
