Standing Orders were suspended to hear from Speed Watch Member Mr Paul Watson:

i. Mr Watson asked if it would be possible to have signage at the entrances to the village warning people that this is now a "Speed Watch Area". This would automatically slow people down, acting as a useful deterrent as well as backing up the Speed Watch Group in their work. Clerk to obtain costs and permission from HCC.

Clerk

PW gave a brief report on the results so far. Approx one third to one half of all traffic were found to be speeding and several have been reported to the Police for warning letters. Statistics will be regularly provided to KPC which will highlight danger areas. PW was thanked for his input.

Return to Standing Orders.

ii. JB requested a Dictaphone for the Speed Watch Group as this will help in accurately recording all details the Police require, when several cars are travelling past at the same time. It was suggested that two Dictaphones be purchased at a cost of £34.12 each - Proposed JB; unanimously **agreed**. Clerk to obtain Dictaphones.
