Kingsclere Parish Council regularly makes grants to organisations which provide a benefit to Kingsclere residents. These may be made:

- To Charities
- To Village organisations
- For Special projects of various kinds

1. In each year, the council sets a budget for the giving of grants and sets a maximum amount for grants to any one organisation, currently £250 except in very special circumstances.
2. It is expected that organisations will attempt to fund their own activities and will approach the Parish Council for a grant only to support exceptional expenditure. Grants will not generally be given for running costs.
3. Grants are not, except in the most exceptional circumstances, made to individuals, nor will they be made to businesses.
4. Any organisation making an application must be prepared to provide up to date accounts, and it would be expected that applicants would also search for other sources of finance.
5. Applicants must be prepared, if requested to do so, to attend the meeting at which the grant application will be considered.
6. Applications must demonstrate the benefit to the community.
7. Applications for grants must be made on the appropriate form and submitted with the necessary supporting documents.
8. Applications must be made in advance of any financial commitments being given to third parties.
9. The giving of a grant in one financial year should not in any way commit the council to making a grant in any subsequent year.
